updated: 01 - 2010

BRICKS FOR GREEN-BUILDING:

CANNABRIC brick for greenbuilding made of hemp and natural binders	Massif brick with special thermal and biological qualities for green-building, made of hemp and natural binders (own fabrication). Resistant walls, without additional need of thermal and acoustic insulation and with great thermal accumulation capacity. <i>Tested in authorized laboratories. In consonance with the Spanish norm UNE41410.</i>			
	dimensions (in cm)	price/ unit	price/ palet	pieces/ palet
	WHOLE BRICK (1/1)	30 x 14,5 x 10,5	1,19 €	232,05 € *
	HALF BRICK (1/2)	14,5 x 14,5 x 10,5	0,62 €	241,80 € *
	THREE-CUARTER BR. (3/4)	21,5 x 14,5 x 10,5	1,01 €	254,52 € *

*** Discounts:** from 10 palets: 0,5%, 20 palets: 1%, 30 palets: 1,5%, 40 palets: 2%, 50 palets: 2,5%, 60 palets: 3%, 70 palets: 3,5%, 80 palets: 4%, 90 palets: 4,5%, 100 palets: 5% discount.

Prices excl. VAT and transport costs. We work with economic transporters. Cannabrics are delivered in palets of 195/390/252 units. Deposit returnable palets: 5,90 €/ unit, credit: 4,20 €/ unit. We neither organize the withdrawal of palets nor accept palets in poor condition or that they are not ours. Price guarantee: 12 months since first order.

CALCULATION OF NECESSITY OF MATERIAL ACCORDING TO TABLES NEXT:

First calculate total consumption of palets as if everything gets build with whole bricks.

Later calculate the necessity of palets of pieces $\frac{3}{4}$ and $\frac{1}{2}$. In the end replace palets of whole bricks by the amount calculated of palets of pieces $\frac{3}{4}$ and $\frac{1}{2}$.

wall thickness (en cm)	30 cm	14,5 cm	10,5 cm
number of bricks (1/1) depending on thickness of walls with joints of 1,5 cm	53 pieces/ m2 = 3,68 m2/ palet	27 pieces/ m2 = 7,22 m2/ palet	20 pieces/ m2 = 9,75 m2/ palet

need of pieces 3/4 y 1/2 in	need of pieces 3/4 by vertical meter of wall or space	need of pieces 1/2 by vertical meter of wall or space
corners in walls of 30 cm thickness	16,7	8,4
door and window spaces in walls of 30 cm thickness	16,7	8,4
door and window spaces in walls of 14,5 cm thickness	-	8,4
T- form in walls of 30 cm meeting walls of 30 cm thickness	8,4	4,2
T or L - forms in walls of 30 cm meeting walls of 14,5 cm thickness	-	8,4

INSULATING MATERIALS BASED ON HEMP:

CANNAHABITAT hemp hurds for building (granulated 0-25 mm), thermal and acoustical insulation properties	Possible applications: - insulating mortar for to build up Cannabrics walls - insulating mortars for roofs - resistant insulating mortar for floor slabs - insulating and accumulating mortar for plaster (upon heating pipes, to make level walls with great flaws) - insulating and resistant mortars for the construction of compacted walls, vaults, cupolas - stuffed in air chambers between two walls (compacted hemp hurds)			
	bags/ m3 of insulating mortar	volume/ bag	price/ bag	bags/ palet
3,5-4,5 bags, depending on kind of mortar	20 kg	15,85 € *	24	33

*** Discounts:** from 72 sacks: 5%, 216 sacks: 8%, 360 sacks: 11%, 504 sacks: 14%, 648 sacks: 17%, 792 sacks: 20%.
Prices excl. VAT. The price does not include transport, safe in complete trailers (792 sacks) to spanish and french territory (excluding islands).

TECHNIFEUTRE dense felt, 100% hemp fibers, 1cm thickness		Insulating felt for underneath floor-bases with radiating heating, for expansion joints, under floating platform, under timber floors in order to allow ventilation of, etc.

Discounts: from 500 m2: 2%, 1000 m2: 3%, 1500 m2: 4%, 2000 m2: 5%. Minimum order: per package. Prices excl. VAT. The prices do not include the transport. Delivery 2-30 days, according to thickness and amount.				

LIMES:

hydraulic limes:

NATURAL HYDRAULIC LIME NHL 5 earth-grey colour		for cyclopean foundations and natural concretes of high resistance for floor slabs and retaining walls , for example. Natural mortars of high resistance.		
weight/ sack	sacks/ palet	precio/ palet (1600 kg)	precio/ saco	palets/ trailer
40 kg	40	257,20 € *	6,43 €	15
* Discounts: from 3 palets: 2%, 7 palets: 4%, 11 palets: 6%, 15 palets: 8%. Prices excl. VAT. The prices do not include the transport. Shipments of great amounts (complete trailer, 15 palets): free of transport costs, concerning Spain (half-island). Transports in boat aside. Consult prices according to amount and destiny. The unloading of the trailer is at the expense of the client.				

NATURAL HYDRAULIC LIME NHL 3,5 light grey colour		Mortars and renders (first and second layer) with bio-climatic qualities and ideal properties for works of restoration and bio-construction.		
weight/ sack	sacks/ palet	price/ palet (1400 kg)	price/ sack	palets/ trailer
35 kg	40	380,80 € *	9,52 €	17
* Discounts: from 2 palets: 2%, 7 palets: 4%, 12 palets: 6%, 17 palets: 8%. Prices excl. VAT. The prices do not include the transport. Shipments of great amounts (complete trailer, 17 palets): free of transport costs, concerning Spain (half-island). Transports in boat aside. Consult prices according to amount and destiny since in some areas of the national territory we apply additional discounts. The unloading of the trailer is at the expense of the client.				

NATURAL HYDRAULIC LIME NHL 3,5 WHITE dark white colour		For renders with bio-climatic qualities and ideal properties for works of restoration and bio-construction, especially finish-layers with or without pigments.		
weight/ sack	sacks/ palet	price/ palet (1400 kg)	price/ sack	palets/ trailer
35 kg	40	560,80 € *	14,02 €	17
* Discounts: from 2 palets: 2%, 7 palets: 4%, 12 palets: 6%, 17 palets: 8%. Prices excl. VAT. The prices do not include the transport. Shipments of great amounts (complete trailer, 17 palets): free of transport costs, concerning Spain (half-island). Transports in boat aside. Consult prices according to amount and destiny since in some areas of the national territory we apply additional discounts. The unloading of the trailer is at the expense of the client.				

NATURAL HYDRAULIC LIME NHL 2 white colour		For renders with bio-climatic qualities and ideal properties for works of restoration and bio-construction, especially finish-layers with or without pigments.		
weight/ sack	sacks/ palet	price/ palet (1575 kg)	price/ sack	palets/ trailer

* Discounts: from 3 palets: 2%, 7 palets: 4%, 11 palets: 6%, 15 palets: 8%. Prices excl. VAT. The prices do not include the transport. Shipments of great amounts (complete trailer, 15 palets): free of transport costs, concerning Spain (half-island). Transports in boat aside. Consult prices according to amount and destiny since in some areas of the national territory we apply additional discounts. The unloading of the trailer is at the expense of the client.				

high purity calcium limes:

SLAKED LIME hydrated lime, SLAKED 4-6 MONTHS		<u>High purity calcium lime, directly slaked with an excess of water (no quicklime).</u> FREE OF ADITIFS. Natural pigments apt for lime can be added. Highest plasticity. Firm renders, let the walls breathe and regulates environmental humidity and temperatures. Apt for mortars, compacted walls, renders, stucco. IT ELIMINATES HUMIDITY PROBLEMS (high drying power in short and long term).		
weight/ bucket	bucket and weight/ palet	price/ bucket	price/ palet	price/ kg
20 kg	45 (900 kg)	11,40 €	513,00 €	0,57 €
weight/ drum	buckets and weight/ palet	price/ drum	price/ palet	price/ kg
200 kg	4 (800 kg)	98,00 €	408,00 €	0,49 €
Discounts buckets: from 15 buckets: 2,5%, 30 buckets 5%, 45 buckets (1 palet): 7,5%. Several complete palets: 10% discount. Discount drums: Several complete palets: 5%. Prices excl. VAT. Transport costs: to consult.				

SLAKED LIME hydrated lime, sieved, SLAKED 4 YEARS		<u>High purity calcium lime, directly slaked with an excess of water (no quicklime).</u> FREE OF ADITIFS. Highest plasticity. Renders and stuccos of high firmness and optical quality, able to breathe and highly regulating environmental humidity and temperatures. Especially indicated for renders (second layers), plasters, stuccos, tadelakt, limewash,... Natural pigments apt for lime can be added.		
weight/ bucket	buckets and weight/ palet	price/ bucket	price/ palet	price/ kg
20 kg	45 (900 kg)	17,20 €	774,00 €	0,86 €
Discounts: from 15 buckets: 2,5%, 30 buckets 5%, 45 buckets (1 palet): 7,5%. Several complete palets: 10% discount. Prices excl. VAT. Transport costs: to consult.				

SLAKED LIME AL-ANDALUS hidrated lime, mineralisized, SLAKED 6 MONTHS		<u>High purity calcium lime, directly slaked with an excess of water (no quicklime).</u> Mineralized lime according to traditional prescription AL-ANDALUS (it is free of organic additives). Mate, REPULSIVE TO the WATER . It doesn't get transparent when falling rain. Lime-paint thought for exterior-walls, cupolas, vault or bathrooms.... Able to breathe and highly bio-climatic. They are possible to be added natural pigments apt for lime (max. 5%).	
weight/ bucket	buckets + weight/ palet	price/ bucket, normal quality	price/ bucket, sieved quality
20 kg	45 (900 kg)	39,50 €	46,50 €
Descuentos: from 10 buckets: 2,5%, 20 buckets: 5%, 30 buckets: 7,5%, 40 buckets: 10%. Prices excl. VAT. Transport costs: to consult.			

LIME MORTARS:

mortars made of slaked lime:

SLAKED LIME MORTAR hydrated lime, SLAKED 6 MONTHS and sand		For RENDERING AND PLASTER (first layer 10-12 mm) . Able to breathe, highly able to regulate environmental humidity and temperatures. Made of slaked lime (hydrate, obtained directly of the extinction) and calcic sand. Wet mortar, ready to use.			
weight/ sack	sacks + weight/ palet	consumtion/ m2 (layer of 10-12 mm)	price/ palet	price/ sack (sealed plastic)	price/ kg
30 kg	42 (1260 kg)	+/- 24 kg	302,40 €	7,20 €	0,24 €
Discounts: from 4 palets: 2,5%, 8 palets: 5%, 12 palets: 7,5%, 16 palets: 10% Prices excl. VAT. Transport costs: to consult (it can leave very economic or free by trailers and complete trucks).					

SLAKED LIME MORTAR hydrated lime, SLAKED 6 MONTHS and fine marble sand (white)		For RENDERING AND PLASTER (second layer 5-6 mm) . Able to breathe, highly able to regulate environmental humidity and temperatures. Of slaked lime (hydrate, obtained directly of the extinction) and marble powder (white). Wet mortar, ready to use.			
weight/ sack	sacks + weight/ palet	consumtion/ m2 (layer of 10-12 mm)	price/ palet	price/ sack (sealed plastic)	price/ kg
30 kg	42 (1260 kg)	+/- 9 kg	529,20 €	12,60 €	0,42 €
Discounts: from 2 palets: 2,5%, 4 palets: 5%, 6 palets: 7,5%, 8 palets: 10%. Prices excl. VAT. Transport costs: to consult (it can leave very economic or free by trailers and complete trucks).					

mortars made with very long slaked lime:

SLAKED LIME MORTAR hydrated lime, SLAKED 6 MONTHS with hidrateled lime SLAKED 20 YEARS and silica sand		MORTAR OF HIGH RESISTANCE, in humid, ready for use. Elaborated with long slaked lime (hydrate of artisan manufacture) and silica sand. Without additives. Able to breathe and to regulate environmental humidity, regulates temperatures (effect osmosis). Recommendable for works of restoration and bio-construction (mortars of masonry, renders: first layer), even in sites with humidity problems (high drying power in short and long term). Wet mortar, ready to use.	
price/ big bag	consumtion/ m2 (first layer 10 mm)	price/ big bag	price/ kg
1000 kg	+/- 20 kg	485,00 €	0,48 €
Discounts: from 5 big-bags: 2,5%, 10 big-bags: 5%, 15 big-bags: 7,5%, 20 big-bags: 10%. Prices excl. VAT. Transport costs: to consult.			

SLAKED LIME MORTAR hydrated lime, SLAKED 6 MONTHS with hidrated lime SLAKED 20 YEARS and fine silica sand		For STUCCO OF HIGH RESISTANCE (fine layer of about 3 mm, to apply upon the under-layer). Elaborated with long slaked lime (hydrate of artisan manufacture) and sifted silica sand. High lime content. Very good initial resistance and durability (quick carbonation by its long slaked lime content). Very good resistance, apt for outer walls. Apt for rain tanks. Wet mortar, ready to use.	
weight/ sack	consumtion/ m2 (second layer 3 mm)	price/ sack	price/ kg
33 kg	+/- 5 kg	59,40 €	1,80 €
Prices excl. VAT. Transport costs: to consult.			

SLAKED LIME MORTAR hydrated lime, SLAKED 6 MONTHS with hidrated lime SLAKED 20 YEARS and fine marble sand (white)		For white STUCCO (fine layer of about 3 mm, to apply upon the under-layer). Elaborated with long slaked lime (hydrate of artisan manufacture) and marble powder. High lime content. Very good initial resistance and durability (quick carbonation by its long slaked lime content). Very good resistance, apt for outer walls. Apt for rain tanks. Wet mortar, ready to use.	
weight/ sack	consumtion/ m2 (second layer 3 mm)	price/ sack	price/ kg
33 kg	+/- 5 kg	69,30 €	2,10 €
Prices excl. VAT. Transport costs: to consult.			

hydraulic lime mortars:

HYDRAULIC LIME MORTAR one single layer MONOLYS		DRY MORTAR, white. <u>FREE</u> of cement. Plaster of one single layer, for internal use.		
weight/ sack	sacks + weight/ palet	consumtion/ m2 (layer of 10 mm)	price/ sack	price/ palet
25 kg	60 (1500 kg)	13 kg	12,97 €	778,20 €*
* Discounts: from 5 palets: 2,5%, 10 palets: 5%, 15 palets (complete trailer): 7,5%. From 2 complete trailers: 10%. Under order end by complete palets. Delivery: 7-14 days. <u>Transport included (spanish half-island) in complete trailers.</u> <u>Additional discounts in some areas of the national territory.</u> Prices excl. VAT. Transport costs single palets: to consult.				

HYDRAULIC LIME MORTAR mortar of two layers CIEN %		DRY MORTAR. <u>FREE</u> of cement. For PLASTER AND RENDER (first layer) .		
weight/ sack	sacks + weight/ palet	consumtion/ m2 (layer of 12 mm)	price/ sack	price/ palet
30 kg	40 (1200 kg)	16 kg	12,18 €	487,20 €*
* Discounts: from 4 palets: 2,5%, 9 palets: 5%, 14 palets: 7,5%, 19 palets (complete trailer): 10%. Under order end by complete palets. Delivery: 7-14 days. <u>Transport included (spanish half-island) in complete trailers.</u> <u>Additional discounts in some areas of the national territory.</u> Prices excl. VAT. Transport costs single palets: to consult.				

HYDRAULIC LIME MORTAR mortar of two layers CIEN %		DRY MORTAR. <u>FREE</u> of cement. For PLASTER AND RENDER (second layer) . 5 natural sand - colours available: white, grey, grey-rose, red, saffron.		
weight/ sack	sacks + weight/ palet	consumtion/ m2 (layer of 6 mm)	price/ sack	price/ palet
30 kg	40 (1200 kg)	8 kg	15,28 €	611,20 €*
* Discounts: from 4 palets: 2,5%, 9 palets: 5%, 14 palets: 7,5%, 19 palets (complete trailer): 10%. Under order end by complete palets. Delivery: 7-14 days. <u>Transport included (spanish half-island) in complete trailers.</u> <u>Additional discounts in some areas of the national territory.</u> Prices excl. VAT. Transport costs single palets: to consult.				

FIXATIVES FOR RESTAURATION AND PAINT:

LIME WATER by CENTRIFUGATION of 20 YEARS SLAKED lime		It is distinguished of other lime waters for being made by centrifugation of very long slaked lime and to own therefore a higher fixing power (higher ion content). The amount of applications will be therefore a 10% of the necessary applications with lime water obtained by short slaked limes, which means a great saving of time and manpower. Applications: Restoration (fixation) of old of walls (lime mortars, chalk stones) and joints of lime mortar as well as renders, plasters and stuccos. Suitable for pintura al fresco .	
precio/ drum of 200 l		price/ can of 10 l	
1820,00 € (9,10 €/ l)		105,00 € (10,50 €/ l)	
Excl. VAT and transport costs. Consult delivery-time drums.			

LIME WATER made of 6 MONTHS DECANTED LIME		Way of application and consumption to consult according to case. Applications: Restoration (fixation) of old of walls (lime mortars, chalk stones) and joints of lime mortar as well as renders, plasters and stuccos.	
content/ drum	price/ drum		price/ liter
1000 l	230,00 €		0,23 €
Discounts: from 2 drums: 2,5%, 6 drums 5%, 10 drums 7,5%, 14 drums 10%. Transports of trailers or complete trucks can leave free or very economic. Excl. VAT and transport costs.			

POTASSIUM SILICATE waterglass		It increases the resistance to the tact and the water in paintings and loam-plasters. Superficial fixing of seen loam-stones. Reduction of toxic gas discharge in surfaces treated with harmful products. In order to make silicate-paint .	
content/ can		price/ can	
5 l		32,36 €	
Excl. VAT and transport costs.			

NATURAL GYPSUMS:

BLACK GYPSUM tradicional thick granulated gypsum, grey colour (black impurities)		Semi-hydrate pure, without additives, fired with low temperatures, in traditional furnaces, with firewood . It is possible to be mixed with slaked lime. For DIVERSE WORKS (to fix boxes of plug, to form vaults, structural repairs, plasters (first layer), mortars...).	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
18 kg	72 (1296 kg)	1,98 €	142,56 €
Transport in complete trucks UNTIL gratuitous. Prices excl. VAT.			

WHITE GYPSUM fine granulated gypsum		Semi-hydrate pure without additives, fired with low temperatures. It is possible to be mixed with slaked lime. For STUCCO and PLASTERINGS.	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
15 kg	72 (1080 kg)	2,28 €	146,16 €
Transport in complete trucks UNTIL gratuitous. Prices excl. VAT.			

MATERIALS FOR STUCCO:

MARBLE POWDER white, impalpable 40 microns		For limewashes and stuccos.	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
25 kg	48 (1200 kg)	3,60 €	172,80 €
Discounts: from 1 palet: 2%, 3 palets: 4%, 5 palets: 6%, 7 palets: 8%, 9 palets: 10%. Excl. VAT and transport costs. Transport in complete trucks UNTIL gratuitous.			

MARBLE POWDER white 200 microns		For stuccos.	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
25 kg	64 (1600 kg)	2,40 €	153,60 €
content/ big bag		price / big bag	
1500 kg		95,55 €	
Discounts: from 1 palet: 4%, 3 palets: 6%, 5 palets: 8%, 7 palets: 10%. Excl. VAT and transport costs. Transport in complete trucks UNTIL gratuitous. <u>Big bags to order.</u>			

FINE MARBLE SAND white 800 microns		For fine plasters and renders, or under-layers of stuccos.	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
25 kg	64 (1600 kg)	2,35 €	150,40 €
content/ big bag		price / big bag	
1500 kg		92,70 €	
Discounts sacks: from 1 palet: 4%, 3 palets: 6%, 5 palets: 8%, 7 palets: 10%. Excl. VAT and transport costs. Transport in complete trucks UNTIL gratuitous. <u>Big bags to order.</u>			

GRANULATED MARBLE white < 2 mm		For renders and plasters (to mix with marble powder of 800 microns) or under-layers of stuccos.	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
25 kg	64 (1600 kg)	2,30 €	147,30 €
content/ big bag		price / big bag	
1500 kg		89,85 €	
Discounts sacks: from 1 palet: 4%, 3 palets: 6%, 5 palets: 8%, 7 palets: 10%. Excl. VAT and transport costs. Transport in complete trucks UNTIL gratuitous. <u>Big bags to order.</u>			

FINE MARBLE SAND yellow 0-1 mm		For fine plasters and renders . Natural yellow marble color. Mixed with lime it leaves an ochre-tone.	
weight/ sack	sacks + weight/ palet	price/ sack	price/ palet
25 kg	64 (1600 kg)	2,35 €	150,40 €
content/ big bag		price/ big bag	
1500 kg		92,70 €	
Discounts sacks: from 1 palet: 4%, 3 palets: 6%, 5 palets: 8%, 7 palets: 10%. Excl. VAT and transport costs. Transport in complete trucks UNTIL gratuitous. <u>Big bags to order.</u>			

GRANULATED MARBLE yellow 1-2 mm		For renders and plasters (to mix with fine marble sand 1-2 mm) or under-layers of stuccos. Natural yellow marble color. Mixed with lime it leaves an ochre-shade.	
weight/ sack	sacks + weight/ palet 64 (1600 kg)	price/ sack	price/ palet
25 kg		2,59 €	165,76 €
content/ big bag		price/ big bag

1,10 €	3,00 €
Excl. VAT and transport costs.	

WOOD PROTECTORS (against parasites and fungi):

WB 1 concentrate, to thin 1:3 with water	Nontoxic protector against parasites and fungi for wood under cover in interiors and exteriors. In outdoor wood apply afterwards natural water-repulsive products. Also possible to be applied like nontoxic treatment for wood with parasites and fungi . For structural wood, all wooden surfaces, carpentry.... It slows down the inflammability. Apt for allergics, Children- and animal surroundings.		
liters/ can	price/ can	coverage (two coats)	price/ m2
1	42,82 €	20 m2	2,14 €
5	179,32 €	100 m2	1,79 €
10	338,25 € *	200 m2	1,69 €
* Discount in cans of 10 litros: from 3 cans: 2,5%, 6 cans: 5%, 9 cans: 7,5%, 12 cans: 10%. Excl. VAT and transport costs.			

HM 1 concentrate, to thin 1:9 with water	Nontoxic protector against parasites and fungi for wood under cover in interiors and exteriors. In outdoor wood apply afterwards natural water-repulsive products. Apt for allergics, children- and animal surroundings. Apt for to restore old furniture like protector (if they are parasites, it is necessary the treatment with WB1). It does not alternate the own color of any wood.		
liters/ can	price/ can	coverage (two coats)	price/ m2

NATURAL CLEANERS:

TRENA 556 PH-neutral cleaner		Characteristics: For all treated surfaces in household, but not for untreated wood and wooden surfaces. Clear, colorless, with a mild odor. Low interfacial tension facilitates the penetration into the micro-capillary systems such as wood, cork, etc., and encourages the wetting of pigments and surface-active agents. Solvent retention in dried coating is practically zero. A light odor of orange oil might be present for a while. Composition: see technical data sheet.
