<p>HEMP FABRIC (<i>hemp mixed with others</i>) clothing, home furnishing, curtains...</p> <p style="text-align: right;">Unit: 0,9144 lineal meters Minimum order: 10 total units Prices including transport and stock: to consult Discounts: from 50 units per fabric Delivery: 3-5 weeks</p>			
	<p>60% Hemp + 40% Silk</p> <p>Weight: 115 g Width: 145 cm Color: natural taupe</p>	<p><i>Hemp and silk create a lightweight fabric with durable properties and a silky surface. This material is beautiful for apparel, curtains, window shades, and lamp shades. This fabric can be also used for wedding dresses.</i></p>	MS 001
	<p>Satin 38% Hemp, 32% Silk, 30% Organic Cotton</p> <p>Weight: 165 g Width: 145 cm Color: black</p>	<p><i>Very beautiful and luxury, unique hemp/silk/organic cotton blend with one side matted hemp, and the other side shiny silk. This fabric is requested frequently for wedding gowns and other special occasions. The fabric dyes up beautifully displaying rich bright colors.</i></p>	MS 002
	<p>Satin 60% hemp, 40% silk</p> <p>Weight: 142 g Width: 145 cm Color: natural white</p>	<p><i>Very beautiful and luxury, unique hemp/silk/organic cotton blend with one side matted hemp, and the other side shiny silk. This fabric is requested frequently for wedding gowns and other special occasions. The fabric dyes up beautifully displaying rich bright colors.</i></p>	MS 003
	<p>60% Hemp, 40% Silk,</p> <p>Weight: 74 g Width: 147 cm Color: natural white</p>	<p><i>This blend of hemp and silk create a lightweight sheer fabric with durable properties and a shiny surface. Great for apparel, curtains, window shades, and lamp shades. This fabric is very light and care must be taken when washing and drying. Best if made into apparel that is dry-cleaned only.</i></p>	MS 004
	<p>Muslin 55% Hemp, 45% Organic Cotton</p> <p>Weight: 255 g Width: 147 cm Color: natural</p>	<p><i>This muslin is tightly woven and best suited for hats, bags, and furniture covering. The tight weave doesn't let much light through when held up to the light. It is very popular for home furnishings for jackets or very durable shorts and pants. This fabric is woven with 45% Cotton for a softer hand and lighter weight, than pure hemp fabric.</i></p>	MC 005

product image	details	description	reference
	<p>55% Hemp, 45% Organic Cotton Muslin</p> <p>Weight: 179 g Width: 145 cm Color: Natural</p>	<p><i>This fabric is great for numerous apparel items such as shirts, pants, dresses, and shorts. The weight of this weave makes it good for mild climates or when you just want a comfortable fabric that is not too thick or too thin.</i></p>	MC 006
	<p>70% Organic Cotton, 30% Hemp Muslin</p> <p>Weight: 89 g Width: 142 cm Color: Natural</p>	<p><i>This hemp fabric is suitable to make professional bed linens. Use it to make sheets, mattress covers, or pillow cases. It is lightweight, soft, strong and absorbent. It can also be used for apparel in both shirts or pants.</i></p>	MC 007
	<p>55% Hemp, 45% Organic Cotton Muslin</p> <p>Weight: 213 g Width: 145 cm Color: Natural</p>	<p><i>The yarns used in this material give a soft, smooth hand with very little texture. The weave is especially tight making it excellent for both apparel and bed linens.</i></p>	MC 008
	<p>55% Hemp 45% Organic Cotton Muslin</p> <p>Weight: 227 g Width: 145 cm Color: Natural</p>	<p><i>Perfect for home furnishings such as slip covers and upholstery. The blend of cotton with hemp helps prevent wrinkling. The weight of this weave makes it good for colder climates or when you want your clothing to keep you warm. Great for numerous heavier apparel items such as shirts, pants, dresses, and jackets.</i></p>	MC 009
	<p>55% Hemp, 45% Organic Cotton Suede</p> <p>Weight: 298 g Width: 142 cm Color: Natural</p>	<p><i>Hemp suede looks and feels just like regular leather suede. Its soft sturdy hand is just like leather. Use it for jackets, vest, pants, or upholstery.</i></p>	MC 010
	<p>50% Organic Cotton 30% Hemp, 20% Recycled Polyester Muslin</p> <p>Weight: 142 g Width: 140 cm Color: white</p>	<p><i>Made from a blend of three environmental materials. It has a plain weave. It can be used for light weight shopping bags or light weight apparel. The weight of this weave makes it good for mild climates or when you just want a comfortable fabric that is not too thick or too thin.</i></p>	MR 011

product image	details	description	reference
	<p>50% Organic Cotton, 30% Hemp, 20% Recycled Polyester Muslin</p> <p>Weight: 210 g Width: 145 cm Color: Natural</p>	<p><i>Unique fabric made from a blend of three environmental materials. It has a plain weave in its natural "greige" form right off the loom. It can be used for light weight shopping bags or light weight apparel. The weight of this weave makes it good for mild climates or when you just want a comfortable fabric that is not too thick or too thin.</i></p>	MR 012
	<p>40% Hemp, 45% Organic Cotton, 15% Recycled Polyester Canvas</p> <p>Weight: 312 g Width: 147 cm Color: Natural</p>	<p><i>Made from a blend of three environmental materials. It has a plain weave and can be used for durable shopping bags, hats, wallets, backpacks, upholstery, and heavy duty apparel.</i></p>	MR 013
	<p>45% Hemp, 40% Organic Cotton, 15% Recycled Polyester Canvas</p> <p>Weight: 482 g Width: 147 cm Color: Natural</p>	<p><i>Made from a blend of three environmental materials. It has a plain weave and can be used for durable shopping bags, hats, wallets, backpacks, upholstery, and heavy duty apparel.</i></p>	MR 014
	<p>100% Bamboo fleece</p> <p>Weight: 283 g Width: 152 cm Color: Natural</p>	<p><i>Bamboo plants are very quick growers and do not require fertilizers or pesticides for a successful crop. They also require very little water and can survive drought conditions as well as flooding. This fabric is extremely soft, with a gentle flowing hand. It is a double sided fabric with one side fleeced, and the other side showing a shiny diamond pattern. Perfect for a variety of uses from blankets and diapers to sweatpants.</i></p>	B 015
	<p>63% Hemp, 37% Organic Cotton, Indigo Plain Weave</p> <p>Weight: 283 g Width: 142 cm Color: Indigo</p>	<p><i>This hemp/organic cotton indigo plain weave is the newest of our denim line. This material is absolutely perfect for making jeans. The hemp makes it strong and durable, while the light weight makes it extremely comfortable. It will fade and soften with use, becoming the most comfortable pair of jeans you will ever own.</i></p>	MC 016
	<p>55% Hemp, 45% Organic Cotton Denim</p> <p>Weight: 320 g Width: 147 cm Color: Indigo Denim</p>	<p><i>This hemp/cotton denim is perfect for durable and long lasting denim jackets and jeans. Everyone who has worked with this fabric agrees it is the strongest denim you can use. It promises success for any project.</i></p>	MC 017

product image	details	description	reference
	<p>34% Hemp, 39% Organic Cotton, 27% Bamboo Fleece</p> <p>Weight: 232 g Width: 86 cm (tube) Color: natural</p>	<p><i>This hemp/cotton/bamboo fleece fabric is plain on one side with a brushed surface on the reverse side. The addition of bamboo fiber adds to the stability and softness of the fabric. It is used to make diapers, sweatshirts, jackets, sweatpants, leg warmers and other apparel which uses regular cotton fleece. It is also used as a lining fabric for jackets and other thick outerwear.</i></p>	MCB 018
	<p>55% Hemp, 45% Organic Cotton French Terry</p> <p>Weight: 275 g Width: 71 cm (tube) Color: natural</p>	<p><i>This hemp/cotton French terry knitted fabric is plain on one side with loops on the other side. It is great for sweatshirts, dresses, towels, and other apparel. It is also used as a lining fabric for jackets and diapers. It is soft, warm, and can be used as a reversible fabric.</i></p>	MC 019
	<p>55% Hemp, 45% Organic Cotton Sweater Knit</p> <p>Weight: 198 g Width: 122 cm Color: natural</p>	<p><i>This thick hemp/cotton sweater knit is similar to what you would find in a knitted cap or a sweater. It is comfortable, soft, and easily dyed. The hemp provides strength and breathability. Use it to make sweaters, caps, scarves, shawls or wraps.</i></p>	MC 020
	<p>55% Hemp, 45% Organic Cotton Jersey</p> <p>Weight: 142 g Width: 86 cm (tube) Color: natural</p>	<p><i>This new light weight hemp/cotton jersey is perfect for light weight spring/summer apparel.</i></p>	MC 021

Other available fabrics: Pure hemp fabrics (see technical sheet).
