

technical sheet FALITEN eco detergent, based on hemp

- cleaning power with hemp-based tensioactifs
- liquid detergent, universal use

Properties:

- soft, protects fibers and colors with all temperatures
- contains no bleach
- suitable also for washing colored clothes
- manufactured from renewable raw materials
- **does not cause allergic reactions**

Active components:

15% WAS (condensed hemp oil yeast, and other vegetable oils),
3-5% Betaine (comes from the sugar beet), 5-15% natural helpers, natural perfumes.

Hand wash measurement: 15-20 ml to 8 l of water

Measurement for washing machine with 40 °C:

Soft water: 40-50 ml / 2.5 kg of dry clothes (1 l is sufficient for 55 kg of clothes)
Hard water: 60-70 ml / 2.5 kg of dry clothes (1 l is sufficient for 40 kg of clothes)

Measurement for washing machine with 60-95 °C:

Soft water: 70-80 ml / 4.5 kg of dry clothes (1 l is sufficient for 60 kg of clothes)
Hard water: 90-100 ml / 4.5 kg of dry clothes (1 l is sufficient for 47 kg of clothes)

With extremely dirty wash also use the **FALITEN intense cleaner** product in most affected areas.
